Trainee Offshore Technician

Remuneration package:

- Salary is up to £21,564.40 per annum plus offshore allowance (up to £1,505 per week offshore).
- 33 days holiday.
- Cycle to work scheme.
- 10% employer contribution to pension scheme.
- Private Medical & Dental Insurance
- Employee discounts site.
- Potential to earn bonus.

We are seeking a Trainee Offshore Technician to join our dynamic team. As our Trainee Offshore Technician you will be responsible for building the necessary skills, knowledge and experience to contribute effectively to offshore operations while ensuring safety and operational efficiency. You will gain hands-on experience and technical knowledge in the maintenance, repair, and operation of equipment and systems used in the workshop, yard and offshore environments such as oil rigs, wind farms and offshore platforms.

Are you interested in working for the world's largest dedicated offshore construction grouting company? Do you thrive in a fast-paced environment where no two days are the same? If so, we have the perfect opportunity for you!

Join our team in FoundOcean where we will offer you the opportunity to unlock your full potential in a dynamic and rewarding work environment within our team. We are looking for a Trainee Offshore Technician to join us on the next step of our exciting journey and grow our existing team.

At FoundOcean, our vision is to use our heritage and expertise to support the energy transition. Throughout the last 6 decades we have evolved into the world's largest dedicated offshore construction grouting company. We remain the energy industry's first choice in the facilitation of new and innovative materials and equipment to the market.

Opportunity and Job Scope

As a Trainee Offshore Technician, you will be given the exciting opportunity to join our team and grow your career. We will offer you full training and development to deliver:

- Assist in the setting up and running of grouting equipment.
- Perform sampling and testing of grout mixes.
- Clean and maintain equipment and surrounding work area(s).
- Aid crew in mobilisation and set-up of all plant and equipment.
- Communicate with all different stakeholders to ensure key information is shared between all parties.
- To provide support and assistance to all colleagues, as and when required.

Who Are You

We are looking for a person who has a passion for their profession, who is looking to progress and wants to make a difference. If you are willing to learn and at the same time willing to use your experience and skills in FoundOcean, you might be that person.

Advert

As a new member of the FoundOcean family, you will be encouraged to use your initiative, experience, and talent to help us grow. Based in Livingston, this role will provide you with an amazing opportunity to grow your career.

Qualifications (are desirable but full training will be given)

- Possess a relevant qualification or has experience of working with plant equipment used in construction activities.
- Previous experience working within an offshore organisation (desirable).
- Possess locally recognised offshore safety certification (desirable).
- Must have the right to live and work in the U.K.

We Can Offer

At FoundOcean we offer you the fantastic opportunity to gain valuable experience, together with competitive terms, benefits, and a satisfying and motivating workplace with a focus on ongoing learning and development.

If you have any questions or would like to discuss this role further, please reach out to us or apply with CV including your salary expectations by email to hr@foundocean.com

FoundOcean is an equal opportunity and forces friendly employer.
